

The Simple Reasons For Being Minimalist « Far Beyond The Stars

Writing and photography by Everett Bogue | Follow me on [Twitter](#)

Being minimalist is about having an honest relationship with your life.

Every action is balanced and effective. Every possession is used with appreciation and regularity. Every thought is worth thinking. Every person is an honor to know.

This is the best approach, that I can think of, to being a better person.

By simplifying your daily approach to everything, you can free up space to explore an uncompllicate the world.
